

Community Planning Project – Update

The third Community Planning Group/Inter Agency meeting took place on the 25th April. This meeting give planning group members the opportunity to share ideas with council staff as well as representatives from other statutory organisations such as Belfast Regeneration Office.

At last Thursday's meeting Michelle Hand, from Belfast City Councils Good Relations Unit, give a presentation on the progress of the Councils Interfaces Project. Short presentations were also given by Forthspring staff which showed how all other Forthspring projects are linking into its Community Planning Project. These projects include the work being carried out by the 'Youth Matters' team and the arts based projects being facilitated by Fiona Lovely.

Following the presentations and discussion, participants broke up into smaller groups were they looked at short/medium/long terms aims and goals that could be included in the final Community Plan. How statutory agencies could help the local community bring about improvements to their local environment also formed part of the discussion.

Group work discussions

The next Community Planning Group Workshop will be held on Thursday 2nd May at 11.00am at the Forthspring Centre, Springfield Road.
